

Family Life Child Care Center of Berea

Preschool Summer Camp 2011

Our preschool summer camp has been designed specifically for little ones who want to experience socializing with their friends while learning. The camp offers a fun curriculum that will keep kids moving, laughing and enjoying the summer. Because children learn by doing, we provide activities that engage campers in active participation. Children will enjoy arts & crafts, singing, dancing, games, stories, cooking and science activities.

Preschool Summer Camp is offered to children ages 3 - 5 years old, with 3, 4 and 5 day options available!

Camp runs from June 15 - August 12, Monday - Friday from 9am - 1pm.

Sign up for just a single week at a time or all eight weeks!

A minimum of 10 children must be signed up for camp to continue for that week. Children will bring their own bagged lunch.

Rates:

3 days per week: \$45

4 days per week: \$50

5 days per week: \$55

\$15 registration fee

**For more information call 440-260-6001
or visit us online at www.familylifecenters.org**

Printed at the expense of Berea Children's Home and Family Services.

Fun-filled Camp Sessions:

June 15 - 17: Summer Safety

It's important to know summer safety rules. Children will learn emergency 911, stranger danger, vehicle safety, fire prevention, water safety and more!

June 20 – 24: Rainbow Garden

Children will explore the life cycle of plants and of a garden while doing some hands on planting of their own. We'll learn about the many shapes, sizes and types of plants from flowers to fruits and vegetables. Bring your garden gloves and shovels.

June 27 – July 1: Invention Station

Have you ever wondered how things work? Have you ever wanted to create a robot or machine? Join us as we take apart and build our own creation using recycled materials.

July 11 – 15: Kids in the Kitchen

Throw on your aprons for a week of cooking! We will learn by touching, tasting, feeling, smelling and listening. Children will use all five senses as they help prepare, serve and try new foods.

July 18 – 22: Diggin for Dinosaurs

Join us as we transform from preschoolers to Paleontologists. We will extend our language skills, fine motor skills, and sensory skills as we explore the world of dinosaurs then and now!

July 25 – 29: Dog Days of Summer

Find out more about domestic animals. We will learn about the care and safety of pets throughout the week. A veterinarian will also visit to teach us how they care for pets.

August 1 – 5: H2O

Beat the heat with water fun. We will spend the week exploring water with all five senses. Painting with ice, water-park for birds and running through the sprinkler are just a few of the many water adventures planned for the week!

August 8 – 12: Under Construction

Join us for creative building fun! We'll learn about construction and tools while we build our own root beer float stand. Children will proudly serve refreshments to the other campers at the end of the week out of our homemade stand!

Registration:

Child's Name: _____

Birth Date: _____ Gender: _____ Race: _____

Parent's Name(s): _____

Address: _____ City and Zip: _____

Email: _____ Phone: _____
